DETAILED ACTION

Claims 1-27 are currently presented and have been examined.

Information Disclosure Statement

The information disclosure statement (IDS) submitted on 16 September 2005 was filed before the mailing of a first action on the merits. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-27 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1-15 recite "displaying at least one difference..." It is unclear whether there is more than one difference. It is also unclear what unclaimed or claimed element that the method is "displayed" on.

Claims 16-27 recite "the first computing devices". There is insufficient antecedent basis for this limitation in the claims.
